Isaac Ruiz

Full Stack Software Engineer

| 818-427-3783 | isaac.ruiz.us@gmail.coml | [GitHub](#) | [Portfolio](#) | [LinkedIn](#)

My proudest trait is that I make an effort to be as much of a conscientious person that I can be. This allows me to have a natural inclination to sincerely sympathize with a variety of "big-picture" goals that companies strive for. With that in mind I can become a very reliable and motivated asset for all companies.

SKILLS
- Programming Languages: Javascript | Html | CSS | Python
- Frameworks: React | jQuery | Express.js | Django
- Databases: RESTful APIs | Mongoose | MongoDB | Postgresql
- Tools: Github | VScode
